Dear Parents/Carers,

British Science Week, 9th – 11th March 2026

The theme for this year's science week is 'Curiosity'. The children will be finding out if we can grow food on the moon, how are animals different, can we make dirty water clean, how do boats float and discovering the answers to many other questions. We have many exciting activities planned over the three days and we look forward to sharing some of their activities and learning with you.

Parents Invitation to Science Open Mornings

To help celebrate British Science Week, we would like to invite parents to take part in a range of prepared scientific investigations with their child/ren in our school hall.

Monday 9th March

Dragonfly Class	9.00 – 9.30
Ladybird Class	9.40 – 10.10
Bumblebee Class	10.20 – 10.50

Tuesday 10th March

Mole Class	9.00 – 9.30
Squirrel Class	9.40 – 10.10
Hedgehog Class	10.20 – 10.50
Otter Class	11.00 – 11.30

Wednesday 11th March

Kingfisher Class	9.00 – 9.30
Kestrel Class	9.40 – 10.10
Woodpecker Class	10.20 – 10.50
Robin Class	11.00 – 11.30

Competition Time!

From now until Wednesday 11th March we are setting a competition. A prize will be given to each year group for the most successful and imaginative method of protecting an egg, so it doesn't break when it is dropped on the floor! We look forward to sharing all your creative ideas in class and during our Science open mornings. Foundation stage children can share their photos on Tapestry and KS1 can share their experiments by emailing photographs to their class teachers.

Kind regards
Hannah Cleary
Science Lead
