

Huge thanks to everyone that has registered for the Asda Cashpot for Schools campaign already. We have already raised a good amount, as you can see below!

Even if you do not shop at Asda, we will still receive £1 for every parent/carer/friend/family member that registers and chooses our school. All you need to do is to download the Asda rewards App, click on the cashpots and choose the school you want to support.

Follow the link below for more info
<https://www.asda.com/cashpotforschools>

With so many students at our school, even if only one person per child signed up, we could raise a lot of money which all goes to benefitting our children. All for very minimal effort.

Please feel free to let your friends and family know, as the more support we get, the more money for the children.

Thank you for your support
